Subject Index
Volume 18

A

Acquired immunodeficiency syndrome
  stigma and homophobia related to, 6:27
  students knowledge and personal risk behaviors related to, 2:5
Adopt A School Program, 3:9
AIDS, see Acquired immunodeficiency syndrome
Algorithms, in dosage calculation, 3:34
American Nurses Association Code for Nurses, 6:14
Articulation, nursing
  group process in, 1:29
  in Idaho, 5:4
Audioconferencing, 2:23

B

Bias, patient, against nurse, 5:3

C

Caring, between nursing student and patient, 5:28
Case management, practical experience in, 3:29
Clinical journal, critical thinking and, 5:16
Clinical memo, 4:25
Clinical practice, theory versus, 2:10;4:8
Colorado nursing articulation model, 1:29
Committee meeting, guide to, 3:7
Communication
  clinical memo and, 4:25
  committee meeting and, 3:7
  sexist, 1:17
Community health nursing, 5:20
  as student learning opportunity, 6:22
Competency-based education, 5:38
Computer-aided interviewing, 1:13
Computer-assisted instruction
  developing program for, 3:14
  student attitude toward, 4:32
Confidence scale, 1:6
Contract with healthcare agency, student dismissal and, 6:14
Critical thinking, clinical journal and, 5:16
Cultural considerations
  homelessness and, 4:17
  in nursing education, 1:26, 3:22
  rural practicum and, 3:10
Curriculum
  elective wellness course in, 4:10
  electronic classroom system and, 2:10, 18
  for international education program, 1:21
  nursing skills laboratory and, 2:10
  quality improvement and managed care as elements of, 3:29
  revolution in
  academic constraints and, 4:6
  liberal education and, 2:6
  National League for Nursing accreditation and, 4:13

D

Data resources, utilizing, 6:18
Decision making
  ethical, 3:25
  fear of, 2:8
Discharge planning, in nursing education, 3:22
Dismissal of student, precedent-setting cases for, 6:14
Distance education, education technology and, 2:10, 18
  audioconferencing in, 2:23
Drip rate, intravenous, determination of, 3:34
Drug dosage calculation
  algorithms in, 3:34
  mathematics learning style as predictor of ability in, 1:33
Due process, student dismissal and, 6:14
Dyslexia, nursing student with, 6:10

E

Editorial, 1:3
Elective wellness course, 4:10
Electronic classroom system, 2:10, 18
Emotional support, 5:28
Environment
  for nursing skills laboratory, 2:10
  for questioning as teaching strategy, 5:11
Environmental concerns, paper consumption in nursing
  education and, 1:4
Ethical considerations, in student-faculty interaction, 3:25
Evaluation
  of computer-assisted instruction program, 3:14
  of dyslexic student, 6:10
  errors in, 5:32
  in faculty selection process, 1:13
  nursing skills laboratory and, 2:10
  program, strategies for, 1:10

F

Faculty
  evaluation of, 1:13
  interactions with students, 3:25
  international education program, 1:21
  multifocused model for selection of, 1:13
  values education for, 2:4
Family dynamics, 3:22
Foundation for Health Services Research, 5:3
Fundamentals instructor, 3:17

G

Group process, for articulation model development, 1:29
Guam, graduate nursing education program on, 1:21

H

Health promotion, cultural considerations for, 1:26
Healthcare, rural, 3:10
Healthcare systems analysis, practical experience in, 3:29
Helene Fuld Health Trust, 3:21
Hiring, multifocused model for, 1:13
Home health program, as student learning opportunity, 6:22
Homeless clinic, 5:33
  professional values and, 4:17
Homophobia, acquired immunodeficiency syndrome and, 6:27
Humanist role model, 3:6
Humanities, in nursing education, 3:22

I

Information literacy, 4:30
Intercollegiate Center for Nursing Education, 1:21, 2:18
International education, 1:21
Interventions, nursing skills laboratory and, 2:10
Interviewing, in faculty selection, 1:13
Investigator Awards in Health Policy Research, 5:3

L

La Salle University, public speaking evaluation instrument
  from, 2:30
Leadership
  group process and, 1:29
  practical experience in, 3:29
Leadership-management internship, 4:5
Learning disability, student with, 6:10
Learning style, as predictor of drug dosage calculation
  ability, 1:33
Letter to the Editor, 5:19
Liberal education, curriculum revolution and, 2:6
Library, public, as clinical setting, 4:3
Library resources, electronic classroom system and, 2:10
Literature, in nursing education, 3:22

M

Male model, in nursing education, 1:17
Male students, targeting, 2:4
Managed care, practical experience in, 3:29
Maternity nursing, 4:4
Mathematics, learning style in, as predictor of drug dosage
  calculation ability, 1:33
Medical record, reading, 6:18
Microwave television system, in nursing education, 2:10, 18
Multiple choice examination, 4:5
Music, in nursing education, 3:22

N

National Institute of Nursing Research, 5:3
National League for Nursing accreditation, curriculum
  revolution and, 4:13
News, Notes and Tips, 2:4, 4:3, 5:3
Nurse Practice Act, 6:14
Nursing process, restructured model for, 4:33

Nursing skills laboratory, 2:10

O

Oral presentation, 1:4

P

Paper, reducing consumption of, 1:4
Patient education, student preparation for, 2:27
Photography, in nursing education, 3:22
Physical assessment
  for dental residents, 4:3
  nursing skills laboratory and, 2:10
Physical comforting, 5:28
Poetry, in nursing education, 3:22
Policy, student dismissal and, 6:14
Promotion process, 4:21
Public library, as clinical setting, 4:3
Public speaking, student, 2:30

Q

Questioning, as teaching strátegy, 5:11

R

Recruitment
  of faculty, 1:13
  of nursing students, 3:9
Research
Robert Wood Johnson Foundation grant for, 5:3
  student teams for clinical application of, 6:31
Research assistant, undergraduate student as, 3:18
Risk behaviors, student knowledge of AIDS and, 2:5
Robert Wood Johnson Foundation, 5:3
Robert Wood Johnson/Pew Charitable Trust Foundation, 4:8
Rogers, Martha, model for associate degree education, 5:25
Rural healthcare, cultural considerations and, 3:10

S

Saipan, San Jose University in, 1:26
San Jose University, in Saipan, 1:26
Sexism, in classroom, 1:17
Sexually transmitted disease, 3:22
Shulman, L. S., 1:26
Skill return demonstrations, video taping of, 4:29
Spirituality, in nursing education, 3:22
Standards and codes of practice, 6:14
Stigma, acquired immunodeficiency syndrome and, 6:27
Student-faculty interaction, 3:25
Student Teams Utilizing Research Project, 6:31
STUR, see Student Teams Utilizing Research Project

T

Teaching demonstration, applicant, 1:13
Technology, electronic classroom system and, 2:10, 18
Tenure review process, 4:21
Terminology, games for teaching, 3:4
The Communication Workshop, 1:28
The Writer's Catalog, 1:28
Theology, in nursing education, 3:22
Theory, nursing
  clinical practice and, 2:10;4:8
  introduction to, 3:13
  student perception of, 5:4

V

Values, identification of, 4:17
Video taping, of skill return demonstration, 4:29
Vietnam Women's Memorial Project, Inc., 4:3

W

Wellness program, as student learning opportunity, 6:22
Writing, student
  examples of, 5:6
  as meaningful process, 5:5
